TILES THAT **TURN** DESIGN INTO **ART**

FEEL THE
SMOOTH SURFACE

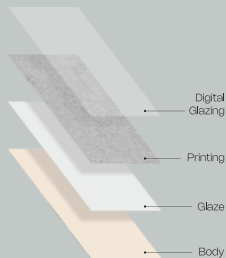

EVOKE
THE ELEGANCE
OF SOFT CARVINGS.

The Porcecon surface is a masterpiece of design, meticulously crafted with micro-details that evoke the elegance of soft carvings. Each subtle groove and intricate pattern contributes to a refined texture that feels as luxurious as it looks. The delicate craftsmanship gives the surface a unique character, enhancing its aesthetic appeal and making it a captivating addition to any space. The soft carving effect not only adds depth and dimension but also brings a sense of warmth and sophistication, creating a look that is both timeless and adorable. Whether in a modern or classic setting, the Porcecon surface stands out as a beautiful blend of art and function, turning any space into a work of art.

Porcecon^{SURFACE}

Digital Matte Surface Tiles offer a distinct level of homogeneity compared to traditional matte finishes. Featuring minimal shine and brighter tones, these tiles deliver a natural and consistent appearance. Advanced digital printing technology guarantees uniformity and durability, preserving their look even after years of use. This makes them an excellent choice for creating unique and enduring spaces.

Our Porcecon surface tiles undergo rigorous testing: they achieve Class A in acid/alkali resistance, a Mohr's hardness of 5, pass stain resistance tests, and have a PEI rating of 2.
