Tiles Perfectly Sized For Seamless
Elegance And Durability

Experience the perfect fusion of elegance and functionality with our 600x1200 mm tiles, featuring a cutting-edge Ventacon surface. Designed for contemporary interiors, these tiles provide a refined aesthetic while ensuring unparalleled durability and performance.

The Ventacon surface enhances the tactile appeal with its smooth, soft-touch texture, delivering a sophisticated look that is both modern and timeless. This innovative finish not only minimizes glare but also resists fingerprints and smudges, ensuring the surface stays pristine and easy to maintain.

With a sturdy 9 mm thickness, these tiles are built to withstand daily wear and tear, making them suitable for high-traffic areas in both residential and commercial spaces. Their versatile size creates a seamless and spacious appearance, adding a touch of luxury to any setting.

Choose our Ventacon Surface tiles to elevate your spaces with understated elegance and superior performance.
